

VOLUNTEERS WANTED

The home of the red, white and blue was born over 50 years ago, and opened up for business in the Fall of 1958. Today, with the current nation-wide economic conditions and the reduction in educational monies, your alma mater needs your help!

Funding for education continues to steadily decline and school districts with cash-strapped budgets affect the quality of academic programs and enrichment opportunities. The Crawford Foundation is a 501(c)(3) non-profit organization in support of Crawford High's four Schools.

If you loved Crawford High... if you have fond memories of your old school days... and if you have some spare time... please get involved! Contact us at:
